Jeff Miller, AIA, LEED AP has joined us here at Converse Winkler Architecture in Bala Cynwyd, PA as a Project Manager. Jeff's unique specialty designing International Schools and other educational institutions is a great complement to our core services at Converse Winkler, and we are delighted to have him as part of our team.

With a vast project management skill set, and deep architectural expertise Jeff's background also includes extensive experience with planning and zoning board submissions and hearings, enabling him to oversee a project from the outset to the end result to ensure a successful outcome.

Some of Jeff's education experience includes:

- Jakarta International School, Jakarta, Indonesia (H2L2)
- Philadelphia International Airport terminal (DPK&A)
- Philadelphia Biblical University, Langhorne, PA (H2L2)
- Seoul Foreign School, Seoul, Korea (H2L2)
- Shanghai American School, Pudong, China (H2L2)

Please give Jeff a call to discuss your upcoming project and learn how Converse Winkler's approach can work for you.
